Dear Chair DeFazio and Ranking Member Graves:

I am requesting additional funding for Environmental Infrastructure assistance for (f)(21) Baton Rouge, LA in the Water Resources Development Act of 2022. The project sponsor will be Ascension Parish, East Baton Rouge Parish, and Livingston Parish, and the completed Environmental Infrastructure projects will be in the Baton Rouge Metropolitan area, located in Louisiana's 6<sup>th</sup> and 2<sup>nd</sup> Districts.

The purpose of this project is to provide an increased authorization of appropriations for Environmental Infrastructure. This project is an appropriate use of taxpayer dollars and will be used to assist the parishes in making critical improvements to their water-related infrastructure, including water retrieval and wastewater treatment.

I certify that neither I nor my immediate family has any financial interest in these projects.

Sincerely,

Garret Graves  
Member of Congress
